In particular, the prior art fails to disclose the L-shape cross-section along all four ends in claim 1 and the urethane a trough in the base of the mold in combination with the granular carbon layer sandwiched between first and second backing layers in claims 6 and 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
